

WASHINGTON COUNTY: ONE COMMUNITY

One community of citizens devoted to positive communication across our county, demonstrating, celebrating, and promoting success.

Communications Project Team Meeting Tuesday June 26, 2007 at Fat Cat Deli, Machias

Attendance: Judy East, Chris Roberts, Jill Peterson, Rick Tanney, Barbara Drisko, Linda Pagels-Wentworth, Mary Ann Hayes(via phone)

1. Review of most recent survey draft. Correction of several small typos and refined wording. Suggestions on rearranging questions by grouping all the basic demographics first, elimination of fill in the blank questions, and leaving room for comments and concerns. Important to keep the font at a reasonable readable size. Judy to make final survey draft and release to the WC:OC core team final review.
2. Discussed what is needed to be done for the completion of the Newsletter. How do we want to present WC:OC and promote the achievements through out the county? Ideas on what we want to communicate within the newsletter and what knowledge we wish to gain with survey. Conclude the "Commissioners Endorsement" with contact information for citizen involvement. Jill is to forward newsletter and original list of newsletter success stories to WC:OC core team members for any updates and changes that may need to be made. Several changes are needed for newsletter to be more reader friendly.
3. Suggestion to schedule media release to introduce WC:OC newsletter and survey. What is our vision to communicate county wide? What could we use the county web site for? *Community news, events, 2-1-1 listings of WC agency contacts list with office hours, etc.* We need to get our information on-line @ Washington County Maine site.

WC:OC Communication Project Team to meet again Tuesday July 10 @ 3-5 p.m. at SCEC office in Machias.
