

Washington County: One Community

One community of citizens devoted to positive communication across our county – demonstrating, celebrating, and promoting success.

Communication Meeting Minutes October 16, 2007

Present: Judy East, Jean Gaudet, Rick Tanney, Barbara Drisko, Jill Peterson

This meeting had to deal with technical difficulties; staff was not on hand at any of the scheduled sites to deal with connection of the meetings on this date. Fortunately no participants were present at the Lubec and Calais sites.

1.) We reviewed the newsletter survey results. Rick has combined the survey money results and the data that was collected with his scan able program and formatted some graphs and charts with the results. All the results were well perceived and the results were overall positive.

- ❖ With Washington County citizens feeling like this is their home
- ❖ Most like their jobs
- ❖ More jobs are needed
- ❖ School should be used for multiple community serve
- ❖ With several suggestions for the direction that the county could follow

Judy will go over the results; crunch the numbers and make needed changes to areas which seem to be out of alignment due to the misplacement of figures.

2.) Next meeting to be held Nov. 5, 2007 2:30 to 4:30 following the Infrastructure meeting at UMM Machias and WCCC Calais.
